### SECTION-A (Reading)

**A.1. Read the given passage and answer the questions that follow:**

#### An Odd Spider

What is odd about this spider?

Most spiders live on land, but this spider is different. It spends most of its time under water. How does it breathe? It breathes by making a tent full of air bubbles under water.

First, it spins a web in the shape of a bell. Then, it fixes it to the plants under the water. Next, it swims up to the top of the water and traps a tiny bubble of air with its hairy back legs. It drags the bubble to its web. It does this many times until its home is full of air. Then it sits pleasantly and relaxes in its web and feeds on tiny fish and other water animals.

**Answer the following questions:**

- This passage is about a spider that \_\_\_\_\_.
- Which shape web this spider makes?
- How does it breathe under water?
- What does it do when its home is full of air?
- Find the word from the above passage which means the same of 'comfortably'.
