OCTOBER 2021

2ND OCTOBER  
GA NDHI  
Jayanti

## NAVRATRI CELEBRATION

With the blessings of Goddess Durga, Navratri Celebration started at Anand Niketan Maninagar. Honourable Trustee Sir, Sh. Amit Shah, lit the pious lamp and offered prayers to Goddess Durga along with the students. After a long break of almost one and half years due to uninvited guest Corona, students got the opportunity to celebrate festivals with their loving ANM Family. Happiness on the faces of the students could be felt. Respected Trustee Sir addressed the students and all prayed together to get rid of the current situation and to have their all classmates and school mates back to enjoy their normal fearless life.

## DUSSEHRA CELEBRATION

ANAND NIKETAN MANINAGAR celebrated Navratri with special zeal and enthusiasm. Under the guidance of Honourable Trustee Sir, Amit Sir, Respected Director Ma'am, Harpreet Ma'am, and Respected Anmol Ma'am, students staged a very special performance of 'Ravana- A Day Out on Prithvilok'. By defeating the Ravana- of all evils, our students demonstrated an excellent show with a strong message to destroy all EVILS from our inner core. The society will flourish with Ramrajya when we will destroy all evils, anger, hatred, ego, lust, jealousy, greed, fear.

## STUDENT-TEACHER MEETING - PREPRIMARY

It is truly said that 'the relation between the student and the teacher is similar as the relation between the mother and the child'. Anand Niketan Maninagar had organized Students-Teacher meeting for little fawns of pre-primary. The joy of coming to school after a long time was clearly visible on the faces of kids. Little fawns were welcomed with Tika and shower of flowers.

## STUDENT TEACHER MEETING – GRADE I-II

Anand Nikertan Maninagar had arranged a STUDENT TEACHER MEET to meet the little super stars. The school was once again filled with the smiling faces, giggling and chirping sounds of our extremely excited kids after a very long break due to the pandemic. Kids were welcomed by their teachers, enjoyed games and had a lovely interaction. Teachers gave them some token of love. They were so excited to see their beloved Alma matter. They had a lot of things to share with the teachers and recalled their past memories about the school. Our younglings showed their love and affection by giving handmade cards, bouquets, and chocolates. Teachers were also overwhelmed by receiving the innocent and pure love from their adorable students. It was a program to strengthen the bond between the school and the students.

## PORTFOLIO II – VIII-XII

**PORTFOLIO - II** It was held on October 9, 2021 (Saturday). This meeting enabled the parents and teachers to interact in person and share a word on different aspects related to the students' performance examination that was conducted offline after the pandemic phase. Parents expressed their gratification towards the institution in enhancing the learning and thinking skills of the students as they had joined the school after a long time. They also appreciated the efforts being made by the school for developing interest and appreciating students by mentioning remarkable performance with percentage scored in the examination on the class boards.

## CAREER COUNSELLING WORKSHOP

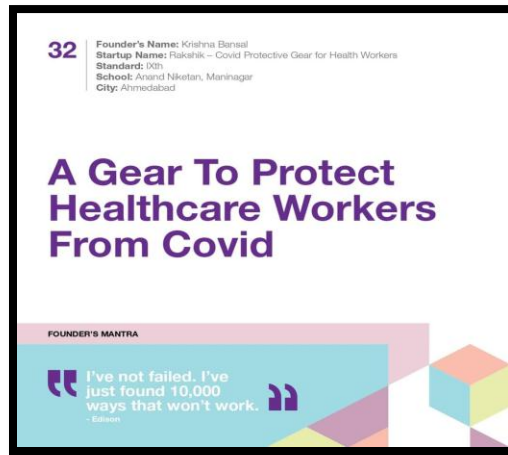

To give a better insight of future career options, Anand Niketan Maninagar has organized a special career counselling session for the students of Grade IX-XII by renowned career counsellor Mohit Mangal. The topic of discussion was - "How to Choose the Right Career after School?" where students have got a clear idea about different subject streams what they are supposed to opt after grade X and grade XII.

## ANM LAUREALS

**Krishna Bansal**, The Anand Niketanite adds one more feather in the cap. From a total of 2135 participants and over 1610 applications, across the 29 states and union territories of India, Krishna Bansal of Grade X has excelled with his idea **“RAKSHIK – Covid Protective Gear for Health workers”** at Children Innovation Festival 2020, organized by GUSEC in collaboration with UNICEF. Congratulations to Krishna Bansal.

**KIDEX RECOGNITION** - Anand Niketan Maninagar congratulates **Medhansh Malpani of Grade 1 Tulips** for his outstanding performance for securing Rank 1 in over All-rounder category at Ahmedabad level; **Rank 2** in Language and communication skill at Ahmedabad level; Rank 2 in Creativity and Imagination skill at Gujarat level; Rank 3 in Social and emotional skill at Gujarat level; and Rank 3 in Cognitive skills at Gujarat level conducted by Kidex. Heartiest congratulations!! And keep shining.

**Disha Ludhani of Gr. V Orion** secured **3<sup>rd</sup> rank** in West zone and **2<sup>nd</sup> rank** in state level competition of Kidex. **Aaryan Rahul Pandya: Secured 2<sup>nd</sup> position** in the overall performance at the State Level and 1st in overall All Rounder performance at the City Level in Kidex.

Gujarat State Ranking Table Tennis Tournament was held at Modasa Arvalli Region. **Taksh Shah of Gr. V Andromeda** got rank 3 and was awarded a Bronze medal.

**Vishva Patel of Grade VIII** of Anand Niketan Maninagar has taken part in GUJARAT STATE YOGASANA COMPETITION 2021-22 for 8-14 years' age category and secured **3RD POSITION** at State Level and won Bronze medal.

## GANDHI JAYANTI CELEBRATION

On the occasion 152nd Birth Anniversary of Gandhi Jayanti, special program was presented by Grade VIII Anandniketanites on 1st October, 2021. Students' sincere efforts were reflected by their participation and involvement to learn from the life lessons of Mahatma Gandhi.

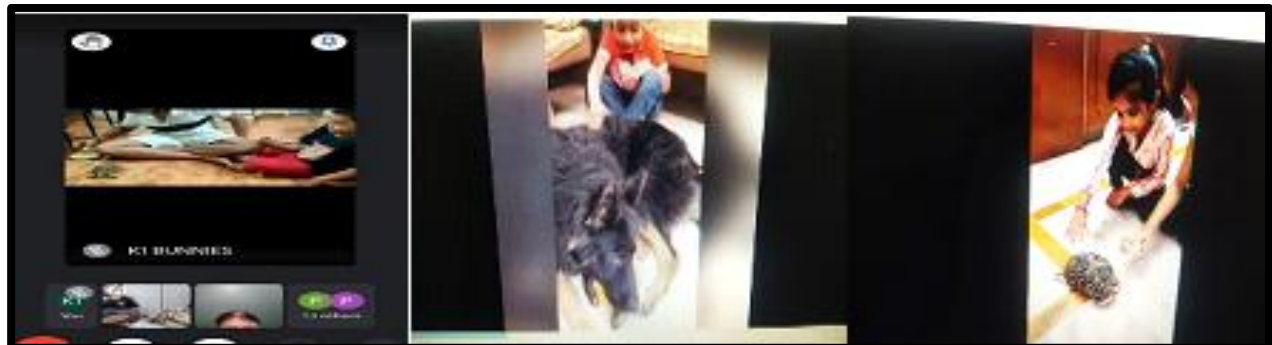

## ORANGE DAY CELEBRATION

Pre K kids of Anand Niketan Maninagar celebrated Orange day. All the kids were beautifully dressed up in Orange color outfit and spoke on their favorite orange Color objects.

## PET DAY CELEBRATION

It is truly quoted that 'Pets are humanizing. They remind us we have an obligation and responsibility to preserve and nurture and care for all life. Benignant kids of **Pre Primary** Anand Niketan Maninagar celebrated Pet Day and shared their experiences with their pets.

**Grade I-II** celebrated Pet Day on 25<sup>th</sup> September. The students who have pets shared their thoughts and briefed to other classmates. It was indeed fun full day for all of them.

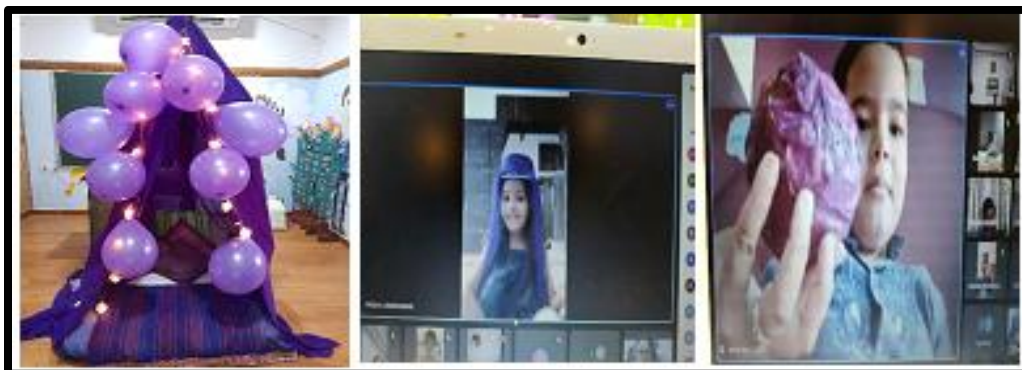

### SENSE DAY CELEBRATION

**K2** kids were taught about senses and sense organs. As a part of fun with learning, they celebrated Virtual Senses Day with great enthusiasm.

### PURPLE DAY CELEBRATION

Anand Niketan Maninagar celebrated Purple color day with little fawns of **K1**. They flaunt their magic through beautiful attires. Kids also added words to their vocabulary by speaking few sentences on their favorite object.

## LAUNDRY DAY CELEBRATION

Laundry Day was celebrated by **Grade I & II** students on 1<sup>st</sup> October. It was an amazing experience for the kids to know about the process of changing the clothes, washing the clothes, drying, and folding the clothes. The students also learn the ways to save water and reuse the resources.

## TARGET SETTING AND PERFORMANCE IMPROVEMENT

“Education is not the learning of facts, but training of the mind to think.” Target and goal setting has always been a success mantra. It can facilitate students to plan their tasks objectively to achieve excellence. The Pre Board-I exam was such an event for grade **X & XII** that has made the students gain insight into what is that they need to practice hard to perform better in the Board exams with flying colours. Self-target setting led to a positive outcome as students did learn to set objectives and targets for themselves which will eventually and definitely help them set a bench mark in long run.

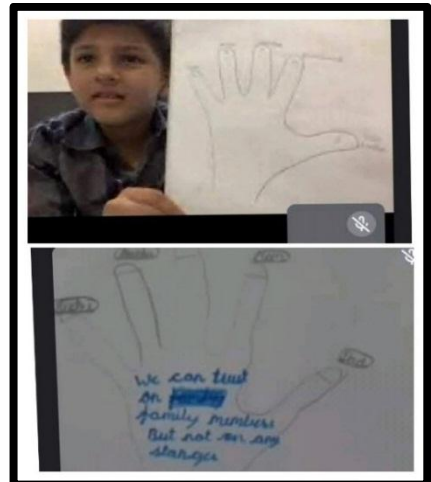

## SPECIAL ASSEMBLY

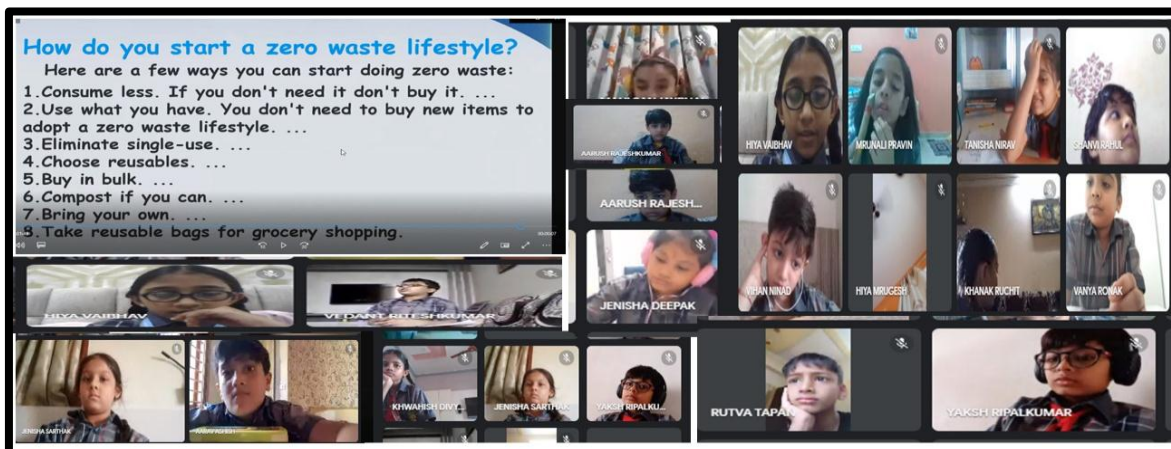

**Pre-primary:** The aim of presenting this assembly is to prepare kids for unknown threats, but awareness can help to overcome the consequences in any situation. "Stranger Is Danger" is the idea or warning that all strangers can potentially be dangerous. This assembly intended to encapsulate the danger associated with adults whom children do not know.

**Grade I-II** - Assembly on `Good Touch & bad Touch` was performed on 5<sup>th</sup> October to create awareness among the children about safe and unsafe touch. Students also performed the `Trust Hand Activity` which helped to identify the most trustworthy people to whom they can share if an uncomfortable situation arises.

**Grade III & IV** - Students took part in a special assembly on topic 'ZERO WASTE'. The students came up with different ideas about how they can minimize the waste on their own without their parent's support and also how they can guide their parents to reduce the waste and also reuse the waste. The students found the session both useful as well as interesting.

**Students of Grade VIII** of Anand Niketan Maninagar celebrated special assembly on Dussehra. The students performed a drama with the moral 'Truth always Triumphs' was depicted. The students dedicated the assembly to Goddess Durga by reciting a sacred prayer reflecting the idea 'Courage is the Strength to Stand'.

### SCIENCE ACTIVITIES

**Grade III** - To identify the different types of birds around us. They could identify different parts of a bird's body, movement of a bird's wings in flight and learned about different types of wings and beaks in birds as well. Children involved themselves in this experiment with great joy and fun.

**Grade IV** students performed activity on First Aid Box. The main aims of first aid are to preserve life, prevent harm, and promote recovery.

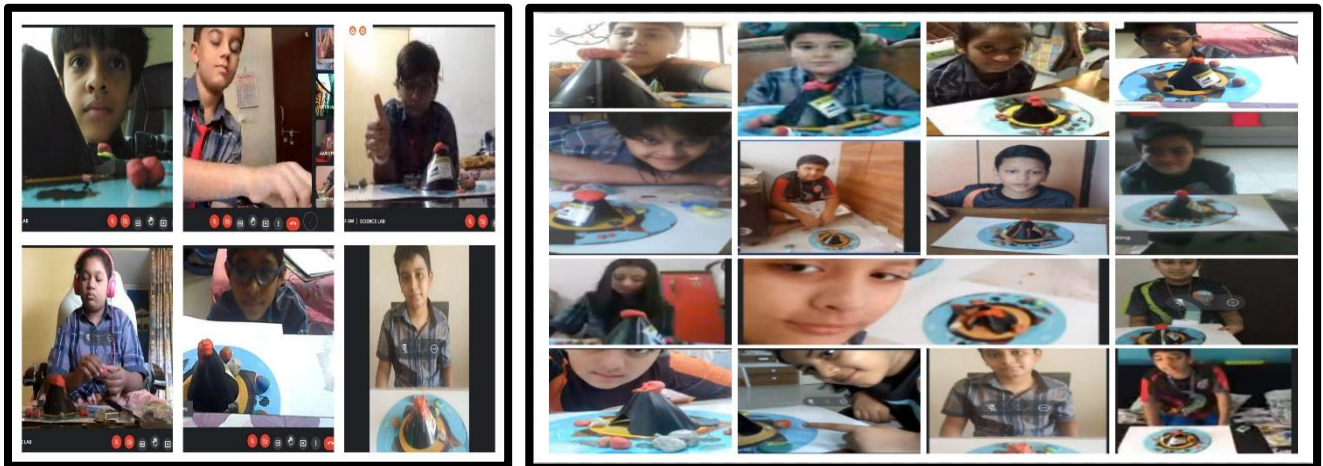

**Grade IV** - Students performed experiment of Hover Craft. Purpose was to examine the use of air to reduce friction in a hovercraft. Students enjoyed the session a lot.

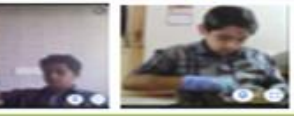

**GRADE V** - Science is all about exploring, discoveries and learning through practical. With this approach little scientists of Grade V at Anand Niketan Maninagar School performed Science Lab activity on Formation of rocks and learnt how rocks are formed.

**GRADE VI** - The young and very curious little scientists of ANM performed various science activities and observed the changes taking place. Also they analyzed whether the changes can be reversed or not. So is the name of our today's activity.

**SCIENCE ACTIVITY- CAN YOU REVERSE IT**  
**[GR VI]**

	<ul style="list-style-type: none"> <li><span style="color: green;">●</span> It is in light blue colour</li> <li><span style="color: purple;">●</span> SOOHE UNMESHVAY 2 min Mam it colour changed to lighter shade</li> <li><span style="color: pink;">●</span> HARSHI AMIT 2 min It colour is changing into lighter colour</li> <li><span style="color: blue;">●</span> AARAV SHAKESH 2 min Mam it changes slowly into white colour</li> <li><span style="color: teal;">●</span> URVISH DEEPAKUMAR 1 min Mam colour is changing slowly n gradually n white n it is in solid form too</li> <li><span style="color: green;">●</span> GAURAV CHAVAN 1 min There is some voice coming from that</li> <li><span style="color: green;">●</span> ANANYA NIKHILKUMAR 1 min It colour is changing into sky blue</li> <li><span style="color: purple;">●</span> PRAGATI RAVINDRANAR 1 min Mam can me and nishit can do together</li> <li><span style="color: orange;">●</span> HARSH VIMAL Now Mam it's changing into white colour</li> <li><span style="color: blue;">●</span> AARAV SHAKESH Now Mam it changes slowly into white colour</li> <li><span style="color: teal;">●</span> VAISHAK RISHAB Now there are some white substances</li> </ul>		
			
			

**GRADE VII** - The practical was demonstrated by the teacher in an online session and the students performed it side by side. This practical is about Lungs model and based on topic Respiration in Organisms. By this practical, students learn the structure of our lungs and the mechanism of breathing.

**Grade VIII** - Anand Niketanites ever grabs the opportunity then and there thus participating in engrossing activities and creating lively atmosphere of the physical classroom to excel one's skill. Grade VIII students learnt Hydraulic arm model which gives understanding of Pressure, Hydraulic systems are used in countless applications. To sum it up, students rejoiced 'back to new normal school'.

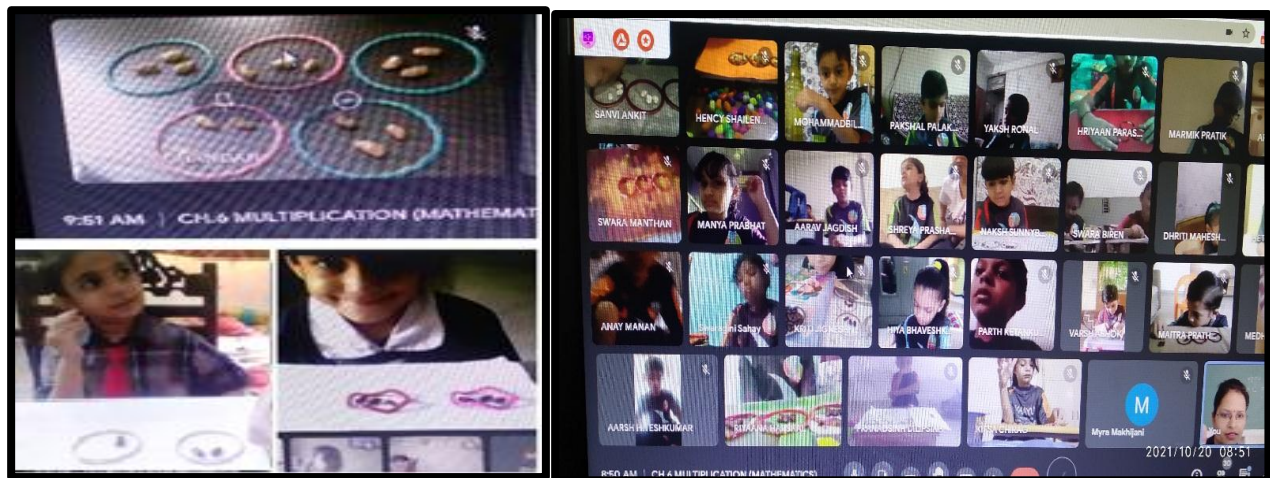

**Design thinking** is to build one's capacity to ideate and innovate by adopting and practicing certain mindset. Thus students of grade VIII & IX ANM learnt about design thinking in ATL Tinkering Lab. Students were able to design prototype for the problems they have identified in their surroundings followed by learning about what is design thinking and the five stages of design thinking.

### SUBJECT ACTIVITIES

**Grade I & II** - Learning through play is the best way for kids to learn. Bangles and Rajma – Math Activity was conducted on 20th October 2021. Through this activity, the teacher had introduced the concept of multiplication by forming equal groups to make them understand that multiplication is just repeated addition.

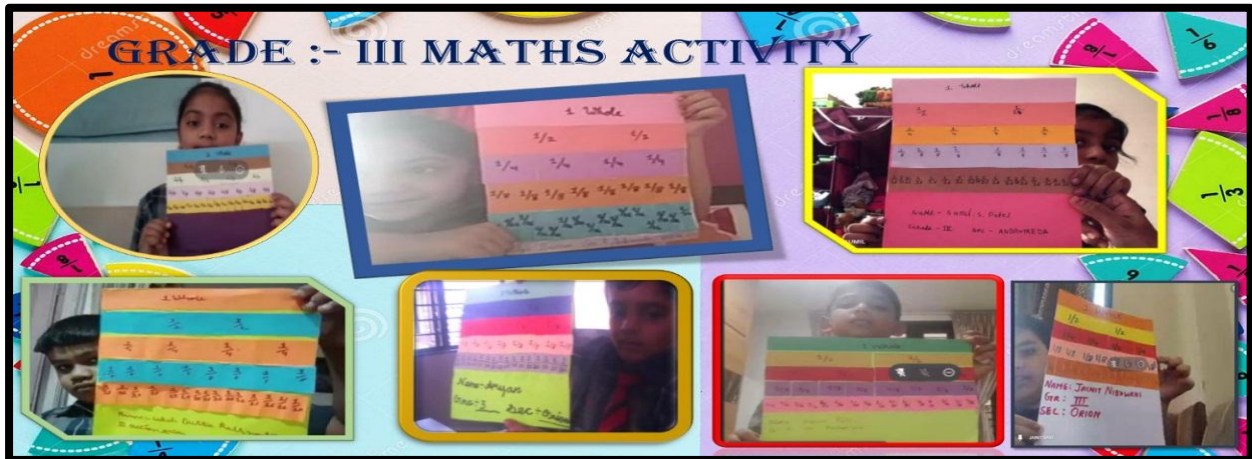

**GRADE: - III - भारत के रंग - यह गतिविधि भारत के अलग - अलग राज्यों की जानकारी प्राप्त करवा रही है | हमने यह गतिविधि इसलिए पसंद की है जिससे छात्र अपने देश में कितने राज्य है यह जाने तथा उन राज्यों की विशेषता तथा अलग अलग खान-पान तथा प्रकृति के बारे में भी जाने |**

**Grade III - Hands on activities are an awesome way for students to engage in exploratory activities and develop a real understanding of difficult math concepts. When students create their own fraction strips they develop an understanding of unit fractions and relationships between different fractions.**

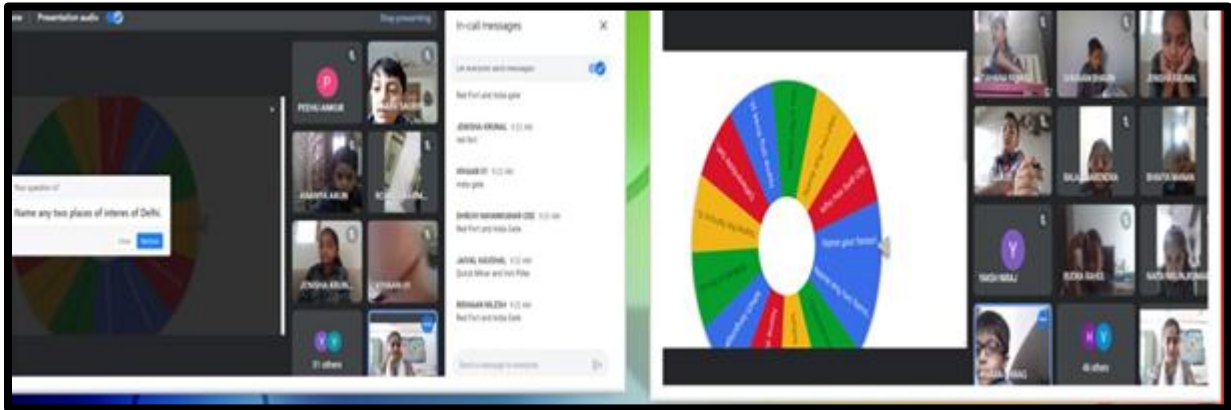

**Grade III - Children enjoyed this activity- QUIZZZZ a lot. They were recalling about the different organs, organ systems and their functions which they had learnt and understood in the previous lecture.**

**Grade III** - To study about the Four Metros of India, their culture, Places of interests, Location, Climate and history. Questions were asked based on the four metros of India and students participated enthusiastically. They learned about the history, climate, places of interest, location, culture.

**Grade IV** - Cube and Cuboid making activity was conducted to give spatial understanding of 3D shapes to students. Students have drawn a net of 3-dimensional figure on a plane paper or cardboard that can be cut out and folded to form a 3-dimensional shape.

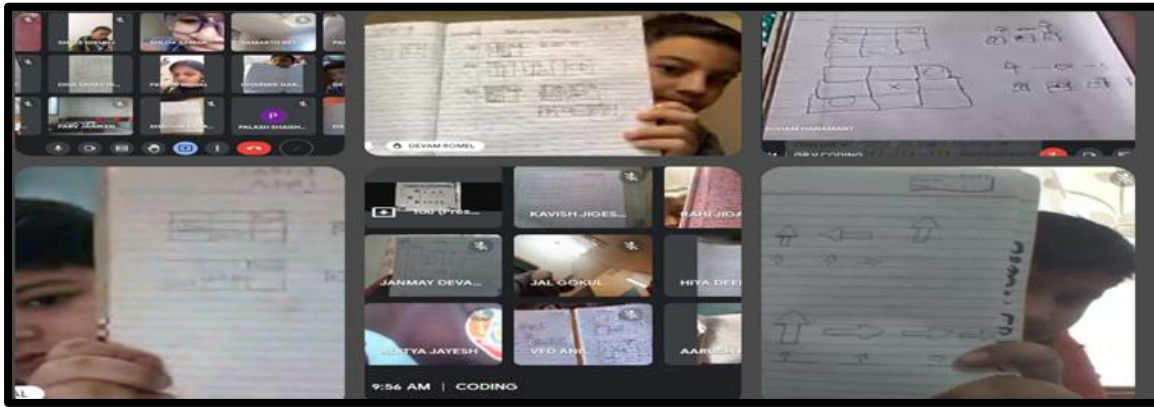

**Grade V** - Scavenger hunt activity allows kids to practice problem-solving in a tangible way. It helps to reinforce and act-out methods they have been taught by parents or teachers in a physical way, leading to increased retention of the lessons. Scavenger hunts are easy to customize to your child's abilities and interests.

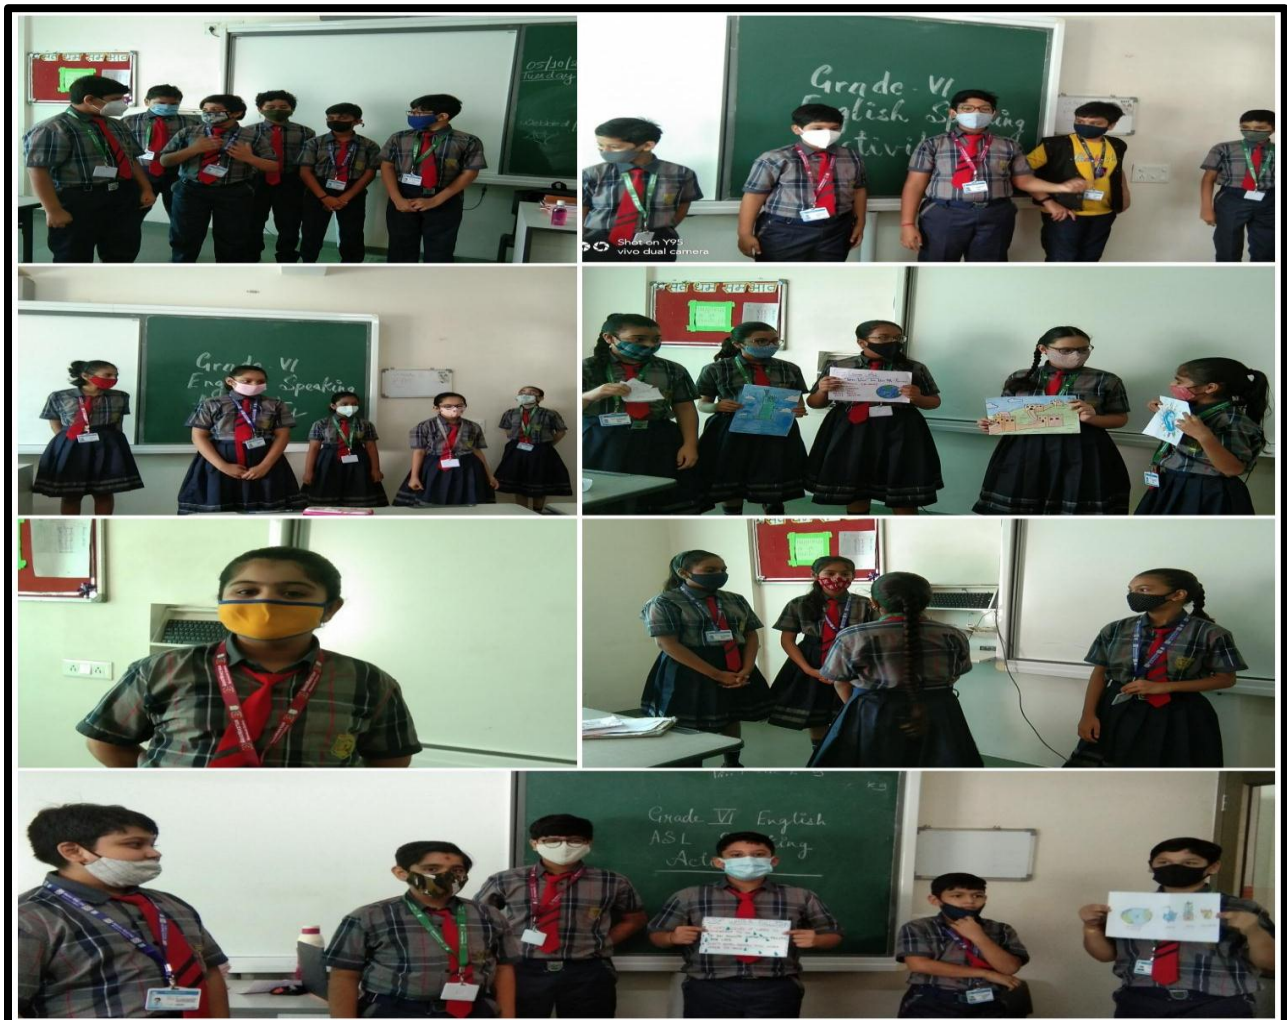

**Grade V -** In CODING, sequence is a basic algorithm: A set of logical steps carried out in order. Computers need instructions in the form of an algorithm in order to complete a desired task, and this algorithm must have the correct order of steps, or sequence. Students have enjoyed the session.

**Grade VI Speaking Activity:** With speaking fluency activities, it often doesn't matter what vocabulary and grammar students use and whether it's accurate or not. The learning outcome is for students to gain confidence in speaking English. Hence, a group activity was conducted with students to build in the confidence on the delivery of language with accuracy and fluency.

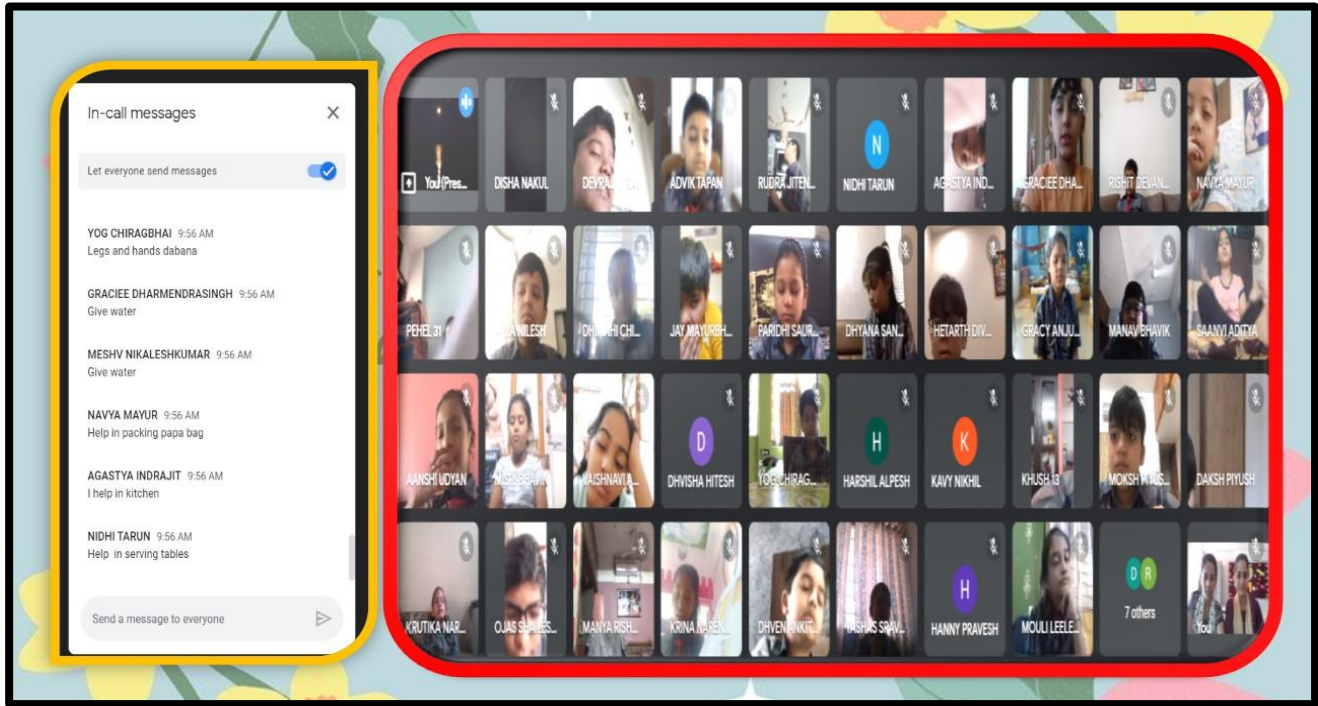

## HAPPINESS CLASS

### GRADE III - MORAL- VALUE YOUR MOM. GIVE RESPECT TO HER.

In today's happiness class students prepared a thank you card for their mother, to show affection and gratitude towards her. As a child it is a responsibility to value the sacrifice and efforts of our mother because all she wants is a betterment of our child.

**GRADE IV** - Happiness class helps students to develop their self-confidence and teach them to communicate openly. The class started with **fun family exercise (with ball)**. Students did this fun exercise with their parents, grandparents and siblings as partners. With this activity they shared a great time with their partners.

**GRADE V** - In happiness sessions, students of Grade V were thrilled to share their feelings and they enjoyed every story that gives a good moral to them and which they can apply in their lives for a better future. Students enthusiastically participated in all the activities and shared their feelings through their feedback which works as a catalyst for peace of mind.

**GRADE VI & VII** - As we grow up, we become more skilled in understanding emotions. Instead of just reacting like little kids do, we can identify what we feel and put it into words. With time and practice, we get better at knowing what we are feeling and why. This skill is called emotional awareness. It was experienced by the students of Gr VI & VII in Happiness Saturday Session.

**ABHILASHA VIMAL** 10:02 AM  
We learnt that we should welcome positive feeling and ignore bad feelings

**BHUMIKA MANOJ** 10:02 AM  
thankyou so much mam i learnt from you that we ignore the negative and what happens in our past we should just move on on today our present what is happening thankyou so much for make us to do patient

**SUHAN SARANG** 10:03 AM  
we understood that we should allow happiness to enter and ignore sadness all all negative feelings.

**SHREYANSH MEHULBHAI** 10:03 AM  
I am feeling good

**RIDDHI MUKESH** 10:04 AM  
We understood that we should be patient and happy what we have but every dream began with a dreamer ..

**MEHAAN KAMLESH** 10:00 AM  
Great

**AARYAN RAHUL** 10:00 AM  
THIS SESSION TEACHES US TO WELCOME POSITIVE FEELING AND IGNORING BAD FEELING WHICH HELP IN OUR DAILY LIFE

**DHANVI JIGNESH** 10:01 AM  
This session was amazing

**DARSHI RAJIV** 10:01 AM  
This was a very good section and we got to know about so much and that we should always welcome good feelings and ignore bad feelings

**AYUSH NIRAV** 10:01 AM  
We learnt to control our feelings like Hatred, Jealousy, etc. (Indriya) and be positive every time. Thank You Roma Ma'am for a wonderful session.

## Grade VI Happiness Saturday

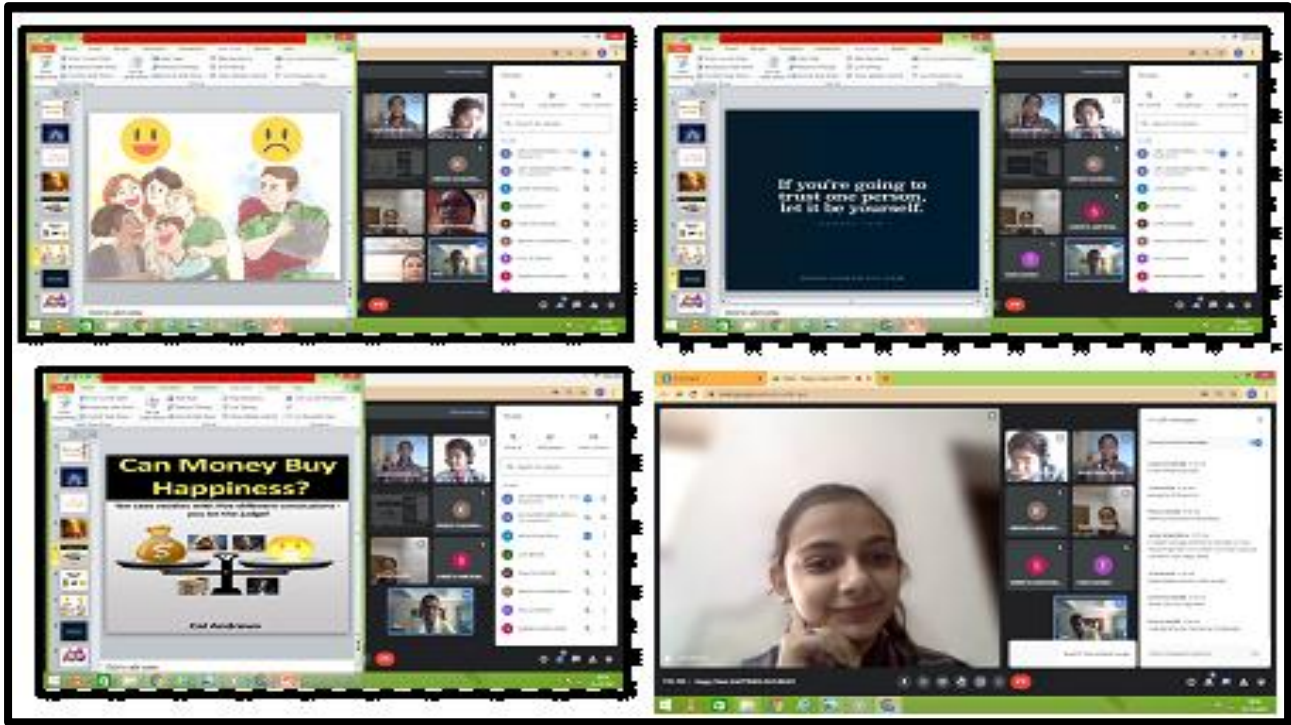

Grade - VI  
Happiness Saturday  
16/10/2021  
Saturday

Name of the feeling	No. of times experienced today
1. Anger	3
2. Love	0
3. Happiness	1
4. Sadness	
5. Irritation	
6. Hatred	
7. Jealousy	
8. Restlessness	
9. Worry	
10. No feelings (none)	

Name of feeling	No. of times experienced today
Happiness	4
Jealousy	2
Love	0
Anger	0
Jealousy	0
Worry	0
Hatred	0
Restlessness	0
Sadness	0
Irritation	0
None	0

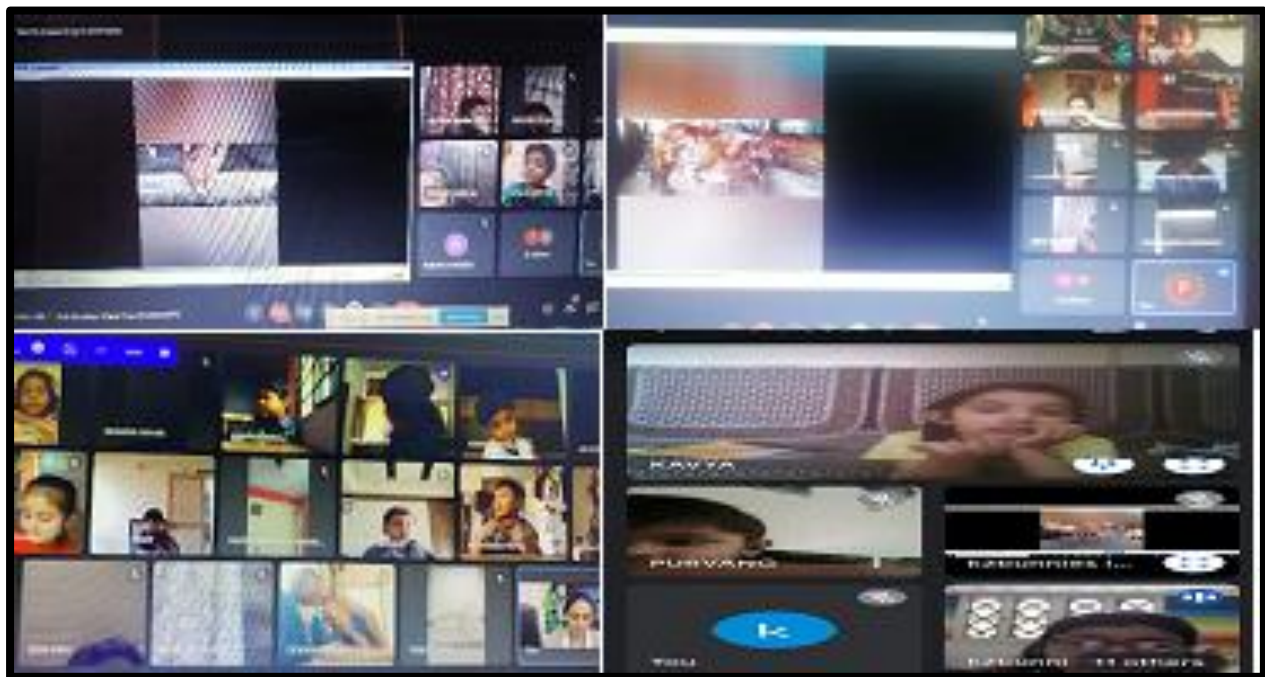

**Grade VIII** - Happiness class helps students to learn the value of life in an interesting way in today's activity they learn how to value the relationship, the students themselves came with the conclusion that money cannot buy all type of happiness, friends, family and relative plays very important role in our life. We should trust and be honest and should always value individual's presence.

### FIELD TRIP

**Dairy Farming:** Little fawns of preprimary had a virtual tour to Dairy farm and they witnessed daily routine of the cow. Process of bathing, grazing, milking, sealing of milk bottles and cowshed was shown to the kids through field trip.

## COMPETITIONS

'High achievements always take place in the framework of high expectations'. K 2 kids enchanted everybody with their fascinating performance as Community Helpers. Anand Niketan Maninagar wishes congratulations to the winners of the competition!

**1st Position:** \*Sparsh Devarsh Raval K 2 Popeyes,  
\*Nisarg Uday Patil K 2 Tweeties,  
\*Swayam Nirav Kothari K 2 Bunnies

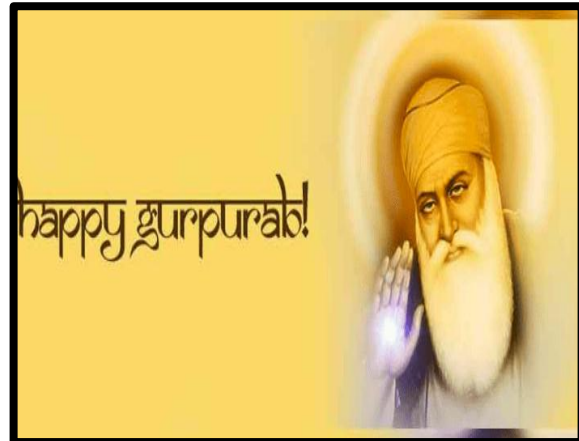

**2nd Position:** \*Kavya Giri K 2 Popeyes,  
\*Kavish Ronak Shah K 2 Tweeties,  
\*Hridhaan Naishadh Dalwadi K 2 Bunnies

**3rd Position:** \*Swara Vandan Shah K 2 Popeyes,  
\*Dhanva Nihar Shah K 2 Tweeties,  
\*Dhanveer Kunal Banker K 2 Bunnies.
