21-JUNE-2022

# WELCOME BACK TO SCHOOL

After a refreshing summer vacation, kids were welcomed back at school with tika. First day kids enjoyed school round, visited to library and also showcased the reflection of the school round.

# CELEBRATION

## INTERNATIONAL YOGA DAY

**“Yoga is invigoration in relaxation. Freedom in routine. Confidence through self-control. The energy within and energy without.”**

Yoga is an invaluable gift of India’s ancient tradition. For a holistic and healthy lifestyle, awareness of body, mind and soul, International Yoga Day was observed at Anand Niketan Maninagar campus on 21<sup>st</sup> June 2022 with great enthusiasm. The excitement of the children was palpable as they geared up to perform Yoga. To augment the knowledge of yoga for the students, the school organized activities like performing different asanas and providing knowledge to the students about benefits of the asanas. The boundless peace of doing the asana was amply visible right from the faces of the students.

## ACHIEVEMENT

ANAND NIKETAN MANINAGAR always encourages students and motivates them to take part in different scholastic and co-scholastic activities. The winners of Olympiad 2021-22 were felicitated by Our Respected Director Ma'am Ms. Harpreet Shah for their excellent achievement.

# ASSEMBLY

## THINGS THAT MAKE YOU HAPPY

**"Happiness is what you think, what you say and what you do are in harmony."**

Grade III and IV conducted an assembly on "Things that make you happy". Students enacted two states of mind, where some students were happy and some were not; they enacted how to react differently in same situations. Through the skit they were made aware that how important it is to be in state of happiness to achieve something in life. Students shared their views on how it is important to enjoy little things in life. Happiness doesn't mean that everything is perfect but it means that we have decided to look beyond the imperfections.

## MY SCHOOL, MY UNIFORM - MY PRIDE

Students of Grade III to IX of Anand Niketan Maninagar witnessed a mesmerizing assembly on the ethos of our School. Teachers demonstrated the importance of uniform and made students understand how wearing a complete school uniform instills pride; how because of wearing same uniform we are associated. Teachers depicted the whole topic through wonderful role plays and mime act.

Students shared their views why following rules and regulations is important to achieve any goal. The skit and mime presented by teachers of Gr. III to IX successfully delivered the message to the students on the importance of discipline. Students were also familiarized with the birthday gesture they need to showcase instead of distributing chocolates, importance of being on time, wearing complete school uniform and respecting one and all.

It was indeed a learning experience for students.

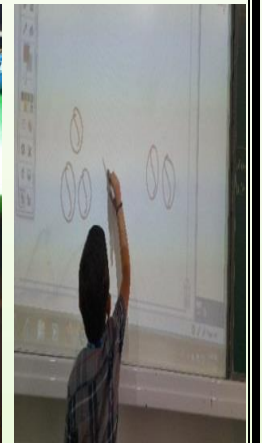

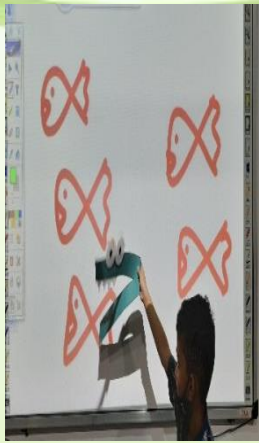

# SUBJECT ACTIVITY

## FUN WITH LEARNING

It is truly quoted 'Learning is not about smart children; it is about happy children who have confidence and courage to learn and pursue things dear to their heart.'

## SCIENCE ACTIVITY

Grade II Students performed an activity 'Water the Plants'. Through this activity they learnt about the importance of water in our life. They understood that the plants also need water to survive and plants are also living being like us, they require food and water to grow. Teachers explained the terms like photosynthesis and germination.

## FUN WITH "SCIENCE KIT"

Rather than making the students memorize the facts, at Anand Niketan we make the students to think and understand concepts and the world around them. Lab experiments and demonstrations on the topic "Reactivity Series were conducted for Grade VIII Science.

Students were taken for a lab visit and were given various opportunities to learn and experiment. Science experiments play a very essential role in the ongoing intellectual development of students. Therefore, it enables the students to perceive things clearly in the natural world by eliminating the scope of rote learning.

# SUMMER VACATION HOMEWORK

A balanced amount of homework may lead to improvement in learning skills. Students of Grade V to IX enthusiastically showcased their “Summer Holiday Homework” in the most creative way covering all the subjects. The positive effect of homework is that it helps our children to improve their retention and understanding and become all-rounders.

## GRADE V

**GRADE VI**

# GRADE VII

GRADE VIII

**GRADE IX**

## CO-SCHOLASTIC ACTIVITY

### DANCE TIME

“We dance for laughter, we dance for tears, we dance for madness, we dance for fears, we dance for hopes, we dance for screams, we are the dancers, we create the dreams.” With this quote in mind the Anand Niketanites shook their legs with new and energetic dance moves.

## LET'S SING A SONG

Music is a universal language and it is one of the best activities that brings all of us together. It has the power to make us all feel happy and this is why people all around the world love to listen and even play music. The Students of Key Stage - I enjoyed their most awaited music session.

## DRAMATICS

### The Role of Drama in Education as a Teaching Method for Key Stage I students

Dramatics lecture helps students to develop soft skills, to express situations, to express emotions. The toddlers of Key Stage – I of Anand Niketan Maninagar were cheerful about the enjoyable and expressive dramatics session.

## IT'S GAMES TIME

Sports develop the physical as well as mental strength in students. Daily physical exercise is essential for students because exercise not only helps students to stay healthy, but it also helps to improve their emotional fitness.

Sports are important in schools because it helps to teach various skills to students like leadership, patience, team efforts and social skills. **Keeping this in mind the students of Grade I and II are actively participating in sports.**

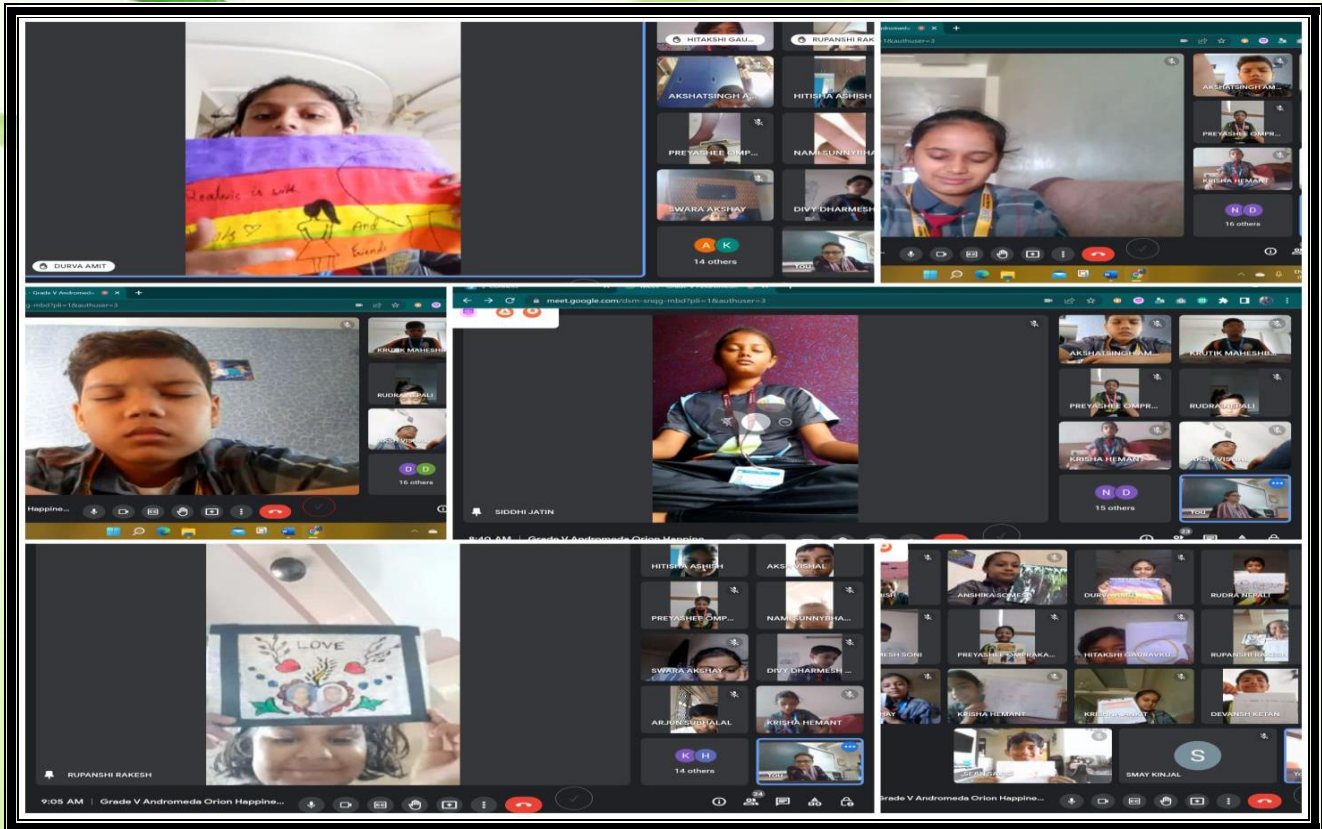

# LET'S CHANGE THE ROLE - GRADE VIII-XII

Grade VIII - XII students of Anand Niketan Maninagar has changed their roles as TEACHERS and exhibited excellent skill and expertise in different subjects.

## HAPPINESS SATURDAY

Happiness is defined as the state in which a living being expresses pleasure and contentment. It is the state in which negative stress levels are at the lowest, even if not zero and positive stress boosts the person's positive emotions. Grade V to VII students enjoyed their favourite Happiness Session conducted on Saturday and learned how to be happy and relaxed in all situations.

## FIELD TRIP

**NATURE WALK:** Little explorer of pre-primary had a wonderful time exploring the nature. If nature has the ability to improve the lives of adults, imagine what it can do for kids! Spending time in nature promotes better attention spans, self-discipline, creativity, physical fitness, and social connection in children. It can also help lower stress levels and make them more engaged in learning.

## GRADE - III FIELD TRIP TO KHOJ MUSEUM

Anand Niketan Maninagar organized a field trip to Khoj Museum on 25<sup>th</sup> June 2022. Khoj Museum is one of the dynamic children's museums in India focusing on connecting Science, Art and Innovation. Students explored the museum by participatory displays, inquiry-based activities and hands on learning. They acquired knowledge of various predecessor of modern television, cinema and projector. They enjoyed water activities, bubble activities and many more. It was a fun learning for the kids. Students were encouraged to interact, participate, play and explore different exhibits and concepts.

## GRADE - VII FIELD TRIP TO LALBHAI DALPATBHAI MUSEUM

An educational field trip to Lalbhai Dalpathai Museum was organized on 25<sup>th</sup> June 2022 for the students of Grade VII. It was a memorable visit to the museum as the students got a close exposure to a perfect blend of art and history with a massive collection of handwritten Jain manuscripts and printed books. An outstanding collection of manuscripts, miniature paintings, coins and sculptures delighted the young historians of Anand Niketan Maninagar.

## GRADE VIII – FIELD TRIP TO SERENITY BOTANICAL GARDEN

Students of Grade VIII of Anand Niketan Maninagar visited the Serenity botanical garden on 25<sup>th</sup> June 2022 which hosts more than a 100 species of birds in the wild, venomous and non-venomous snakes, herds of Blue-Bulls (Nilgais), monitor lizards and Porcupines.

The botanical garden has two excavated water bodies with water lilies and lotus which play a vital role in attracting various species of birds like spot bills, common quails & black winged stilts.

Students have seen many new species of plant and birds, understood life cycle of butterfly, studied food chain, participated at nature work, collected samples for making their own record books.

Field trip ended with motivational documentary.

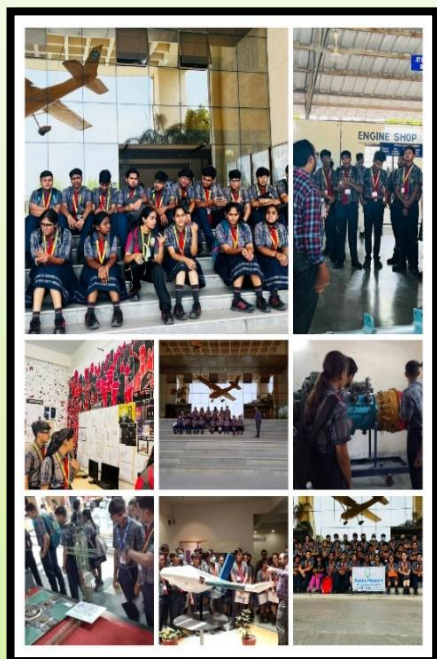

## GR XII FIELD TRIP TO WIIA, AHMEDABAD

Anand Niketan Maninagar has given an excellent exposure to Grade XII students on June 25<sup>th</sup> June 2022 by organizing a field trip to generate awareness about better career prospects.

Students visited the Western India Institute of Aeronautic, Ahmedabad. WIIA is a Public (Govt.) Institute which provides excellent training in aviation related technology, aircraft maintenance engineering, hospitality management and other courses as well.

The students attended a session wherein they got to know about various career prospects in the aviation industry in India after completing the Grade XII. They also learnt about how do aviation maintenance engineers work and check different types of aircrafts. It was an educative and interesting session as the speaker Mr. Anand Upadyay conducted the session on the board i.e. real Boeing 737-200 aircraft which is used in their campus for practical training and above all students also participated in the quiz competition.

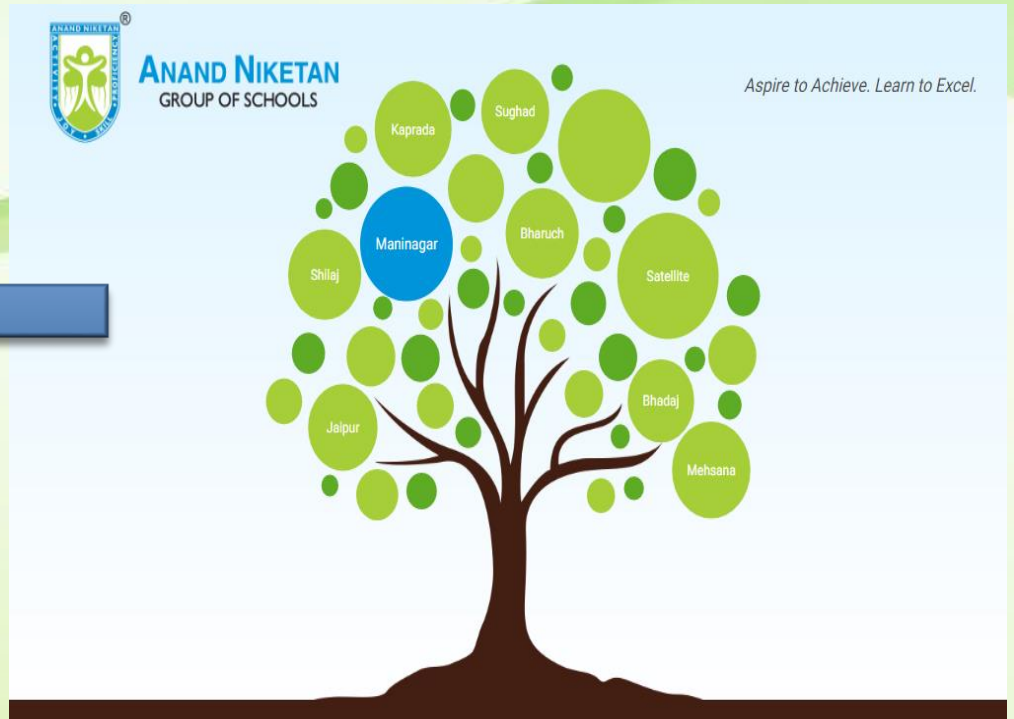

It was a great experience for the students.
